#### COMMENT 3

"Initially, I did not like this course at all. However, over the course of the semester, Professor Khan and the rest of our class became closer to each other. We asked more questions, and he answered them. He adapted and met the needs of our class. If we did not understand something, he would spend extra time going over that topic with us. I am grateful for taking this course with Professor Khan, as there was a good balance between intellectually challenging content and having fun."
